## Now you are getting there.

## POLITICAL CAMPAIGNS LOVE THIS SIZE

This size sign will allow your message to really be seen. They will show up well in high traffic areas. When ordering the 2 sided signs we will make sure there is enough border so that the frames will not block any of the message. Frames are easy to make using 2" x 4"s or 2" x 2"s low grade lumber. These will fit in the back seat of most cars, so your campaign supporters can take them with

them and they can ship by UPS!

just about any design you want. While wind can come into play with its stability, we offer this yard sign with the larger 10" x 30" steel wire stands. Wire stands included in price of 2 sided signs. (6"x30" shown) IDEA!! Purchase some one sided signs for trees or polls and rotate them 90 degrees so they have a diamond shape, it works great! Great election

The 12" x 18" yard signs are the same price as the 9" x 24" signs. Select this size sign depending on the wording and number of lines. The size of the name ("Jones" vs "Callahan") will greatly affect the visibility of your message. We will gladly email you a design for your consideration. Ask about having your picture on your campaign signs.

These are the most economical political yard signs you can buy. Selecting this size sign will depend on the wording on the sign to be effective. Over three lines of text or the size of the name ("Jones" vs "Callahan") will greatly reduce the visibility of your message
